Dear Postdocs:

The Postdoc Community @ UCSF is proud to announce we will be holding the [Bay Area Postdoc Symposium](http://psa.ucsf.edu) at the Drexler Auditorium, Buck Institute on Saturday June 10th.

*Science Communication* will be the main focus of this year’s symposium:  
*Can you explain the relevance and significance of your research to a broad audience in a 7-8 minutes talk?*

The ability to articulate the significance of your research in a concise way to people who do not have expertise in your field is a valuable skill that will not only enhance your career, inside and outside Academia, whether you are looking for your next job or addressing a funding agency!

Prepare your presentation today by submitting an abstract to [BAPS 2017](http://psa.ucsf.edu). We will provide a relaxed setting and the friendliest audience:  
*a wide range of postdocs from across the Bay Area - Berkeley, Buck, Gladstone, Stanford & UCSF!*

**Why enter?**

- **Why not?** **Take the challenge!**
  Can you keep your eye on the big picture, and leave the technical details and jargon behind?!
- A Committee of Science Communication experts will select the **15 speakers** for oral presentations.
- Last, but not least! There will also be **three cash prizes** - $200, $150 and $100-

Check the specific guidelines for abstracts [here](http://psa.ucsf.edu), and submit your abstract today!
Send your abstract to: bayareapostdocsymposium2017@gmail.com

Deadline: April 30th

Speakers announced by May 15th.

Registration will open soon!
